

“REMIND” APP INFO

Remind is a tool which allows teachers to send a short text to subscribers (students and parents) to keep them updated on assignment due dates, test dates and other important information. You can access this tool in the following ways:

1. Join via SMS (text messaging) by using your phone and texting the class code to the teacher’s number
2. Send an email to the following address:
class code without the “@” symbol @mail.remind.com
You don’t need to include a subject.
3. You can download the Remind app to your smartphone and then tap the + sign beside the classes you want to get updates for. Enter the appropriate class code and you will then get the updates.

*Please note, Remind is run out of the U.S. and under the U.S. “Children’s Online Privacy Protection Act” students under 13 must have parental permission to join Remind. If your child is under 13, and you would like them to receive updates from their teachers via Remind, you will need to allow them access to the service.
